

Bridgeport–Spaulding Community Schools

2014–2015 Annual Education Report

Carol Selby, Superintendent

2014–2015 Annual Education Report

March 23, 2016

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2014-15 educational progress for the Bridgeport-Spaulding Community Schools and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Bridgeport-Spaulding Community Schools for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following web site <http://www.bsks.k12.mi.us>, or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

Student Assessment Data – Elementary or middle school assessment results on the Michigan Student Test of Educational Progress (M-STEP), high school assessment results on the M-STEP component of the Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access).

- Presents achievement data for all three tested subjects (English language arts, mathematics, and science) compared to targets for all students as well as subgroups of students
- Helps parents understand achievement progress within schools and compare these to district and state achievement

Accountability Scorecard – Detail Data and Status

Due to the transition from MEAP tests to the M-STEP test, the accountability portion of the AER is limited to assessment participation and graduation/attendance rates. Full accountability reporting will resume with the 2015-16 AER.

Bridgeport–Spaulding Community Schools

2014–2015 Annual Education Report

Carol Selby, Superintendent

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

Congratulations to our staff and students in undertaking their first year of M-Step testing. It was a new and different experience for all. We understand that there is room for improvement in all subject areas, and have been working collaboratively towards improved programing and interventions, so that all Bridgeport students will experience academic growth.

Sincerely,

Carol Selby
